

Summary

5 years of **Graphic Design**, **Digital Collage**, and **AI Art** experience. 2 years working with Java, 1 year using **React**, **SASS**, and **Webpack** to build *websites* and *apps*, I'm looking for an organisation that will fully utilise my drive & ambition whilst providing career advancement opportunities. I'm a self-motivated learner & constantly self-developing.

Technical skills

Languages, frameworks & technologies I have experience with:

- (10,6 year) Photoshop, Premier Pro
- (3 years) WordPress, WooCommers
- (1 year) JavaScript (ES6), HTML5, CSS, React
- (1 year) Java, Junit
- (1 year) SASS (LESS), Webpack (gulp)

Other technologies I have experimented with are:

- JSON, Node.js, JSX, PHP
- Typescript, npm, Promises, Axios, Moment.js, Bootstrap

I have a general understanding of:

- HTTP, REST, OOP, effective algorithms
- Unit testing
- Google Search Optimisation, SEO, Usability Experience

Tools that I use:

- Google Docs, FileZilla
- Illustrator, VSC
- Git on GitHub

Project & work experience

E-commerce platform: Automated-Art

Founder 2018 - Present

*An e-commerce where I automate the creation, distribution, and marketing of artwork.
Created Using WordPress.*

- Solely responsible for designing & developing the initial platform.
- FTP management.
- Plugin optimisation & configuration.

Technologies & Tools: Google Analytics, Google Vision API, Lightroom, FileZilla, Photoshop, Woo-commerce, Product CSV, W3 Total Cache.

CRUD / Api-Account-App

2020-present

React Application which Creates, Reads, Updates and Deletes Accounts using a Rest API

- Rest API and JSON
- React knowledge, hooks, states, etc
- Local Server to store login information

Technologies & Tools: API, JSON, React, Animations, gulp, Sass, Photoshop

Creative Portfolio

2020-present

My personal creative Portfolio made using Jekyll

- Jekyll, Gem, Config.yml
- GH Pages, Image optimisation, URL Configuration
- Liquid, Layouts, Custom Theme

Technologies & Tools: Jekyll, Ruby, Git, Liquid, Themes

Weather-App

2020-present

An App for checking the Weather in 3 different cities.

- Webpack and Gulp Module Bundle and pre-processing minification.
- Basic Typescript functionality, Axios get, JSON.
- Less and Bootstrap.

Technologies & Tools: HTML5, LESS, Npm, Webpack, Gulp, Typescript, Promises, Api, Axios, HTTP, Moment.js, Git, Bootstrap, JSON.

Website: Side Room Recordings

2020-present

A commercial website advertising the services of a portable recording studio, its playful approach includes P5js of different shapes of sound waves involved in recording.

- One-page application using React Frameworks.
- Following best web dev practices
- Fully Responsive Design

Technologies & Tools: JavaScript, CSS, Html, p5.js, git-pages, Visual Studio Code.

3D-CV

2021

An arrangement of projects displayed using three.js Library

- Optimisation for GPU and Loading times, clean coding, file optimisation.
- Model Creation, lighting, geometry, material, textures.
- Cssh3d, Ray-casting , API's, p5js, baking, loading manager , post processing.

Technologies & Tools: Blender, Three.js, WebGL, p5js, API, webpack, three.js, draco-compression, basis compression, gsap, moment.js, XML, RSS, Photoshop, wordpress.

Academic & professional qualifications

- Curator Fringe Arts Bath "Automated" exhibition 2019
- Bachelors in Arts (Fine Art), University of Bath School Of Art & Design, 2016

Notable Exhibitions:

- Fringe Arts Bath: Bath Open (2017/2018), Soft Rebellion (2018)
- Barge house: OXO Tower WARF (2016)

Awards:

- Fringe Arts Bath Open (Runner-Up 2017/2018)
- Black Swan Open Arts (Runner-Up 2015/2016)
- London College of Sculpture (Placement 2013)

GreenBird Cafe

Chef 2016 – 2020

In this role I prepared & cooking food, washing dishes & clearing tables. This role involved interacting with customers, front & back of the house team. The Greenbird is of the most successful independent cafés in Bath. This role was challenging, rewarding & despite the notoriously evolving team, I remained a consistent member of the core team spanning over 3 & a half years. I worked well within the changing dynamics of the working environment & often found myself to be a mediator when difficult or tense situations occurred.

- Calm & Confident under pressure
- Self Initiated
- Loyal

Freelance

Graphic Designer 2017 – Present

I have been commissioned by musicians, charities & music Venues to undertake tailor made, client led work. This required working & sticking to deadlines despite changes to the client's requirements. To maintain high standards of quality, I kept up to date with the latest developments in creative software. This complimented my artistic ability & passion for self development.

- Time Management Skills
- Communication Skills
- Strong Client Relationship

Hobbies & interests

- Keeping up-to date with IT industry trends (reading, podcasting, etc)
- Professional experience in film/TV performance & production.
- Attending Creative Coding Meet-ups
- Experimenting with software to create art.
- Curating Exhibitions featuring Digital Art
